The Degree of Love Held in Redwood City

The second degree was held on July 1st at Bay View 109 in Redwood City. We had 6 candidates, representing True Fellowship 52 Cupertino 70 and host lodge Bay View 109.

I've done a lot of degree work at this point, and I will say that the one we did July 1st was the best organized that I've had the pleasure of participating in. Everyone was on time. We started the meeting at 7 PM exactly (special thanks on that front goes to **Mark Henry**, acting Noble Grand for Bay View), and we closed the meeting a little bit before 8 o'clock, again, exactly when we expected to. Thanks to our hosts for the delicious dessert we all enjoyed after!

For those members who are going up to the cave as part of the district 107 degree team, it was an auspicious live rehearsal, largely off-book, with few mistakes. **Mason Wolf** presided as Noble Grand, **Katy Dickinson** was Vice Grand. Reprising their roles as Warden and Conductor, respectively, were **Jane Beckman** and **Jesse Donaldson**. **Debra LaVergne** was Past Grand, while **Scott Spence** did the role of Chaplain, and **Debbie Wolf** was Inside Guardian. In addition, **Reed Sutton**, **Amy Zerges**, **Steve Koehler**, **Hannah Koury**, and **Randee Chin** took roles particular to this degree.

Receiving the mysteries of the degree were **Terrance Seddon**, **Megs O'Neil**, and **Alan Winston** of True Fellowship 52, **Helen Bobias** and **Pamela Johnson** of Cupertino 70, and **Josh Bachant** of Bay View 109.

Initiatory Degree Held at Cupertino 70

On Monday, June 30, 2025 the Cupertino Initiatory Degree Team met to welcome 3 new candidates into the Independent Order of Odd Fellows. The evening began with a light dinner of vegetarian pasta, salad, sausage, and garlic bread. After dinner we got down to business by introducing from True Fellowship #52 **Katy Crockett** and **Sam Sloan**, and from Saratoga #428 **Becky Doty**, to the Initiatory degree, sometimes called the degree of "Purity".

The candidates were asked to examine how their actions and thoughts affect the world around us and then to affirm their commitment to help the Odd Fellows promote acts of friendship to benefit all mankind going forward.

To close the meeting the Chaplain gave the final prayer, the Vice Grand led everyone in repeating the Valediction, and the Right Supporter to the Noble Grand proclaimed the lodge closed. This was followed by homemade cherry cheesecake served in the dining room.

Our next Initiatory Degree meeting will be held on Monday, September 29, 2025. Please be sure to let us know if you have any new candidates that you would like to be initiated at that time. If you would like to become a member of our Initiatory Degree Team please contact **Annie Cronin** or **Randee Chin**. Many thanks to our Cupertino Initiatory Degree Team and guest volunteers for helping make this a special experience for our new members and all those who attended.

Cave Degree 2025

I was happy to help make flyers and a poster and bring these to promote the Cave Degree Weekend during Grand Lodge Sessions and more recently at the Three Links Camp. I have learned that when I spend time with Odd Fellows, the things that are important to me, are often important to others.

Live degree work is important to me. I am lucky to have talented and energetic support in this all around me in district 107, in my associate lodges and especially in my home lodge of True Fellowship #52. I was especially supported by the members of Barnes Encampment #77 in promoting live degrees in general and the opportunity of the Cave Degree in September of this year specifically.

I believe it is more important to put on (by this I mean assist, because it's never the work of one member alone), live degrees than it is to have received your Odd Fellows' degrees.

Reading a blessing 10 times in rehearsal and once more directly praying a blessing onto new candidates as the Chaplain of the Initiatory degree is deeply moving. Reading, reciting, reading, reciting, and hopefully memorizing the Venerable Warden's admonition will always be internalized more deeply to

the brother/sister who did that than to a brother/sister who heard it once, no matter live or recorded. The same is true for each message and charge of each degree in our charge books.

When we perform a live degree, we are telling our candidate family that they are worth our time and effort, and so is the lesson. What we give to our new brothers and sisters in Odd Fellowship, in their journey through the degrees of Friendship, Love, and Truth, by going to this extra effort, is that a group of their new chosen family finds them so important, and their enjoyment of each lesson so important as to put in such effort and be there for them through planning meetings, rehearsals, contingency plans and practices.

For over 80 years, one of the best venues for live degrees in California is at the Pythian Cave in Yreka. Over the course of the weekend, Initiatory, First, Second, and Third Degrees are all performed in as fun and as traditional a way as we can.

The Cave Degree Weekend is now operated by the Richard Brouse Degree Lodge #190 (currently the only degree lodge in CA). The weekend chosen may be different each year as it corresponds to the moon's waxing, proximity to a Saturday, and at an appropriate angle to be seen from the Pythian Cave. This year, set your calendar for Sept 5-7th. Registration is now open. Details are at: oddfellowscavedegree.com/2025-odd-con/

This year, we have a few extra activities. Before the weekend even starts, Grand Warden **Adam Potolsky** will make his official visit to Yreka 19 on Thursday the 4th, and all Odd Fellows are invited to attend. Then on Friday evening we'll have a fun dance that we're calling the "Odd Ball" (Contra Dance style - Think Dicken's Faire or Pride and Prejudice). On Saturday, in addition to the degrees, we'll be including some relevant training support for members to bring back to their home lodges. And on Sunday afternoon, Grand Master **Rita Cooper** will install the newly elected officers of Richard Brouse Degree Lodge 190, followed by a live recording of an episode of the [Three Links Odd Cast](#) (an Odd Fellows podcast). Finally, for those joining the encampment, the Patriarchal Degree will

It'll be a busy weekend, and chances are, you'll recognize more than a few Odd Fellows from District 107 making it all possible.

Mountain View #244 Castro Street Window Display, June 2025

Mountain View Lodge #244 is very fortunate to be located on Castro Street in downtown Mountain View (the main street) where we put up different windows displays each month. Our June display is dedicated to LGBTQ Pride Month, that commemorates the contributions of lesbian, gay, bisexual, transgender and queer people, culture and community.

As we all know, Oddfellows stands for Friendship, Love and Truth and our Order welcomes people regardless of age, religion or gender. Lodge 244 prides itself on welcoming members of the LGBTQ community. Our June window display includes pictures and quotes by various well-known gay people, past and present and our regular window models Eleanor and Franklin are dressed for the occasion. Franklin's T-shirt declares that the First Pride was a Riot. Why is this?

Pride month coincides with the anniversary of the Stonewall Riots in New York City, June 28 – July 3, 1969. Stonewall Inn was opened as private, members-only club gay bar in Greenwich Village in March 1967. At that time, it was funded by the Genovese

Crime Family who thought that a business catering to the gay community might turn a profit.

Stonewall's owners could not obtain a liquor license because state law in the 1960s did not allow bartenders to legally serve gay people. As a private club, each customer bought tickets that could be exchanged for drinks. The bar's lack of a license made it vulnerable to police raids, and police raids on gay bars were routine in the 1960s. The owners gave cash bribes to the NYPD's 6th Precinct, where the bar was located, to stave off raids, which then usually happened early

several American cities that have since grown to become today's pride parades. The Stonewall National Monument was established in 2016 at the site, now under new management. Today, pride events are held annually throughout the world toward the end of June to mark the Stonewall riots. On June 6, 2019, coinciding with World Pride being celebrated in New York City, Police Commissioner James P. O'Neill apologized for the 1969 raid. So, as our window model Franklin states - the First Pride was indeed a Riot!

Crafty in Mountain View

For the past couple of months, Mountain View 244 has been hosting a new club, led by local resident **Julia Peterson**. Her group is actually a book club, except that lately they've also taken to doing crafts together. They're friendly and social and open to anyone, so when they asked the Mountain View Odd Fellows to let them use their space once a month, the lodge said yes.

They leave the doors open while they craft, so it's extremely common for people to come in and check it out. I was the "chaperone" in June (a lodge member must be present in order for the group to be covered by our insurance), and saw for myself how much fun they were having, and got to answer questions about our Order. The group doesn't have a regular date (next events are on July 12 and August 10), but you can see when it's scheduled on [the Mountain View 244 online calendar](#).

If you want to try it out, bring your own craft and maybe make new friends!

on weekday evenings when crowds were small.

The raid, late on Friday, June 28, 1969, was different - the mafia was not alerted, and nor was the NYPD's sixth precinct. That night the bar was very busy, and officers quickly lost control of the situation. The raid attracted a crowd and led to a riot. Tensions between New York City police and gay residents of Greenwich Village erupted into more protests the next evening and again several nights later. Within weeks, Village residents quickly organized into activist groups to concentrate efforts on establishing places for gays and lesbians to be open about their sexual orientation without fear of being arrested.

The first anniversary of the riots was marked by peaceful demonstrations in

Kanikapila – Burger Fry

On June 25th, we held our second Cupertino and True Fellowship Kanikapila – Burger Fry, at the Cupertino Lodge. This event combined the Hawaiian music from Cupertino and the monthly True Fellowship burger bbq. It was great working with the True Fellowship team in running the event.

Our attendance wasn't that great, so we'll need to tweak it somehow if we are to continue combining them. Special thanks goes to brother **Scott Spence** for doing food prep, cooking and cleaning, along with the rest of the True Fellowship team. If you're in the area, we have our regular potluck kanikapilas (Hawaiian music playing, hula and singing) every 4th Wednesday of the month starting at 6:00pm. Zoom access is available if you cannot travel. Sign up at:

<https://cupertinooddfellows.org>.

Watch the true52.org web site for their events, including their monthly hamburger fry on the last Wednesday of each month.

Cupertino 70 4th of July BBQ

The Cupertino 4th of July BBQ was quite a success. Over 40 members and guests made it. It was a great time to catch up with members in a social environment. Thanks to the prep team of **Randee Chin, Stephen Franke, Marvin Carter, Les Wong, Jordan Duval, Helen Bobias, Estelle Ramolette** and chief BBQ'er **Ron Myres**. Everyone enjoyed bbq burgers, hot dogs, veggie burgers, fresh corn on the cob, chili, watermelon and apple pie.

Most of our events throughout the year are fundraisers and require a lot of work. This event and our roll call dinner provide a time for us to spend more of our leisure time with each other. Our lodge is growing, and we are fortunate to have some great members. We look forward to adding more over time.

Cupertino Father's Day Hawaiian Concert

Patrick Landeza Presents, produced a Hawaiian concert on Father's Day at our Cupertino Lodge. With over 80 in attendance, everyone enjoyed a meal that Patrick made plus top notch Hawaiian entertainment by Kupaoa (Lihau and Kellen Paik), from the island of Kauai and Mark Yamanaka, from the big island. Accompanying the musicians were many of our local hula dancers. Dinner was a Hawaiian plate lunch that included teriyaki chicken, kalua pig, rice, and salad.

Patrick plans to host a number of Hawaiian concerts at our lodge this year, so please check the calendar on our web site at cupertinooddfellows.org, for more information.

San Jose Rose, White and Blue Parade, Friday July 4th

On the morning of Friday, July 4th, the following call and response could be heard all through San Jose's Shasta/Hanchett and Rose Garden neighborhoods:

"What is the first link? Friendship! What is the second link? Love! What is the third link? Truth! Who are we? Odd Fellows!"

Members of True Fellowship 52, including **Scott Spence, Andrew Crockett, Debbie Wolf, Martin Stein, Sue Stein, David Tingey, Helmuth Litfin, Kat Powell, Honor Wolf, Jeff Rively, and Mason Wolf** gathered behind the "Oddsmobile", our 1937 Chevy Sedan, driven by **Jane Beckman**, all to celebrate Independence Day by marching together in San Jose's annual Rose, White and Blue Parade.

In between the call and response we sang the Odd Fellows Opening Ode. Both were well received by the crowd.

All of those marching in the parade, plus the attending public, were blessed with beautiful weather and temperatures in the 70s.

But, as someone once said, "It's not really an adventure until things go wrong". Halfway through the parade, The Oddsmobile suffered a battery failure. But much to the delight of the cheering crowd it became a "community powered" vehicle pushed along the route by a rotating group of Odd Fellows. Three spectators from the crowd even volunteered to help push.

All along the 2-mile parade route we had the opportunity, if briefly, to converse with the crowd. Afterwards, Brothers and Sisters of True Fellowship 52 walked through the crowds at the post-parade festival and handed out flyers for upcoming events at our lodge.

Everyone seemed to have a good time, and hopefully we can have an even bigger turnout of Brothers and Sisters for next year's parade.

Our local unit of the Ladies of the Oracle, Inanna Zuanna #9, had been dormant since the pandemic. It has revived recently at the insistence of Queen **Annie Cronin**, who was initiated with 9 other Queens during the Three Links Camp Festival weekend by Past Supreme Ashayhi **Debra LaVergne**.

Odd Fellows Festival: A first time visit by a first degree member

I came to the Odd Fellows festival to help spread the word of the LARP working with True Fellowship 52. We thought it would be a good opportunity to showcase the LARP, answer some questions, and see if people outside our lodge might be interested in trying it out. When we got there Friday night, it was a beautiful campground and a very relaxed environment. Last minute setups were being finished and people were casually chatting up old friends, and talking about whose fire they were going to hang around at night, or where they were staying off site and when they'd be there the next morning.

Saturday morning after breakfast we began setting up for tabling. The other members of the LARP committee put on the costuming we used for our regular characters, displayed a number of the foam weapons we use, and set up a looped slideshow on a laptop to help showcase the LARP. We answered questions and had some nice conversations with the people who were passing by to head to the raffle table. We had people from seven different lodges take an interest not previously knowing there were any LARPs associated with odd Fellows.

We were positioned next to the Cave Degree table, and got to overhear the history of the site and the work to restore it as a degree Lodge. We also got reminded about the Cave Degree in September and Odd Con. We'd been meaning to register, so took the opportunity to do it at the table. Other booths were fundraising; selling some odd fellows pins and challenge coins, selling food, and some jewelry. It was a lively and friendly afternoon.

We did a live demo of the LARP combat, doing a couple of sparring matches to show off the style of the

combat, both how fun and safe it could be. We then took on all challenges, as all the children present wanted to try swinging the foam swords. We even got a couple of the adults to try swinging the foam swords. The Tri-tip dinner was amazing, and very welcomed after all of the LARP combat demos.

I think the Odd festival is a great opportunity to both meet with people from other lodges, as well as an opportunity for the Lodges to show off what they are doing. From events like Hamiltunes and Jane Austin Dances, to the various game nights or communal meal nights hosted by the various lodges. There were an abundance of events I didn't know were going on, and I wouldn't have known who to ask because I haven't traveled to the other lodges. All of these events are going to be made better by more in-

volvement and cross-lodge involvement.

For those worried about sleeping on camp beds, a number of members took up spots in local inns and motels. My wife and I were lucky enough to stay in a cabin in Sierra Park owned by the Crockett Family. So there are options to make it easier to involve yourself with the Odd festival and see what's happening in the other Lodges.

I know after my first try of the festival that I'll be back next year, and looking forward to seeing what people are sharing of their lodges.

Barnes Encampment Becomes More Purple

7 Patriarchs from Barnes Encampment experienced the Royal Purple Degree at the Three Links Camp on June 27 and June 28. With help from Grand Patriarch **Wendell Watson**, Grand Master **Rita Cooper**, Deputy Grand Master **Carlos Juarez**, and Patriarch **Tom Silva**, Chief Patriarch **Debra LaVergne** and Barnes Encampment conferred the Royal Purple Degree on 5 Patriarchs on Friday afternoon. On Saturday morning, those newly raised to Royal Purple assisted to confer the Royal Purple degree on two more Patriarchs who had not been able to get there in time on Friday.

The natural terrain in the glade around Monkey Rock provided the necessary props for the degree. All the candidates were blindfolded and carefully led by the Guide (**Wendell Watson** on Friday and **Debbie Wolf** on Saturday) through the route for presentation to the High Priest (**Rita Cooper** on Friday and **Katrina Hazen** on Saturday).

Hiking to Monkey Rock had been a tradition of Theta Rho and Junior Odd Fellows during Three Links Camp work week, and was often used as an activity during the campership weeks as well. The modern world is completely invisible, and the highway is only rarely audible, but cell phone reception is better there.

Game Night at Bay View 109

REDWOOD CITY – On June 20, 7 pm, Bay View Lodge #109 presented their second monthly game night, a new tradition that is sure to be a winner and an ongoing activity for the SF bay area Oddfellows community and visitors.

At the event there was a catered dinner consisting of delicious food from a local Mediterranean restaurant. People had so much fun talking and dining, while also meeting new friends and acquaintances.

After everyone was full with a warm and satisfying dinner, they proceeded to the main hall where an icebreaker game was presented by **Hannah Koury** and **Amy Zerges** in which participants were busy filling out bingo cards as they sought out answers from other people in the group. This game was followed by a team Password Game in which there were two groups of 20 people having a wonderful time. At the peak of the evening, there were probably 50 people attending altogether.

Following the group games was a time to play boardgames at various card tables around the room, such as Chinese Checkers, Pictionary, Poker, Jenga, Mancala, and others. And of course, some people enjoyed just talking and getting to know one another and that was fine too! Such fun, with a happy community spirit redolent of all Oddfellows activities.

Overall, a good time was had by all and many wanted to know when the next game night would occur. **Steven Koury**, the financial treasurer of Bayview, shared the benefits of Odd Fellowship and welcomed guests who were interested in joining the lodge. The guests themselves were also very generous and donated money for the evening.

The next game night is in the process of being planned in the near future. Stay tuned! Also, if any lodge has questions about putting on a similar game night, please contact **Reed Sutton**, and he will be more than happy to answer any questions about how to proceed.

Grand Master Official Visit to Saratoga 428

If you have an Odd Fellows Instruction Manual, you will know that a Grand Master visit (or any formal visit) is a meeting variation which adds content to a regular meeting. That Tuesday night (6/24/25), our meeting was called to order by **Mike Bever**, NG at the Saratoga IOOF Lodge #428 at 7:30 PM following a sumptuous dinner catered by Bepo di Buca.

This meeting contained an Official visit by **Rita Cooper**, Grand Master. It was attended by 31 members which included 21 members of Saratoga Lodge and 10 guests who were all Odd Fellow members.

Rita's Entourage included: **Brian Schlesinger** (Grand Conductor), **Zoe Timmerman** (Grand Instructor), and **Lawrence "Stark" Degesse** (Grand Body Guard), and other notable attendees who came to support her were: **Michael Greenzieger** (past GM), **Debra LaVergne** (Past president, CA Rebekah Assembly), **Annie Cronin** (Member Cupertino Lodge 70, and past CA Grand Marshall), **Mason Wolf** (True Fellowship Lodge 52 and past DDGM District 107), **Debbie Wolf** and **Kat Powell**, members of True Fellowship Lodge, 52, and **Pam Johnson**, Member from Cupertino Lodge, 70

During the formal visit portion of the meeting, Rita Cooper, GM, her entourage, members with more than 45 years in odd-fellowship, and members with less than a year, were introduced and then seated.

During the: Good of the Order portion of the meeting, Rita read from a very interesting historical reference re-

garding the founding of Saratoga IOOF Lodge #428 in April of 1912, and who our lodge's founding members were and their occupations. She then promoted outreach in our Lodges and recommended the formation of a "Membership Committee" and an "Events Committee" to promote membership growth in them. She referred to her letter containing 100 examples of activities that lodges can have. She also announced that her Grand Master's Projects will include donations to Three Links Camp, Odd Fellows Rose Parade float and an RCS program for children under 5 years old.

The meeting was closed (in the normal way) after Rita's encouraging comments.

Golden Rule Degree for 1

On June 12th, Barnes Encampment 77 held a degree for one very special member. **Alison Holeman** had been unable to be present for the previous conferral of the Golden Rule degree of the encampment back in March, and we had already decided that we would be doing the Royal Purple degree at the end of the month at the Three Links camp festival. For Alison to be eligible, we needed to do it again. So that's what we did!

Alison took the entire ordeal in stride like the true champion that she is. Was it our best performance? Not by a long shot! No one had the secret work handy, so we had to do our best to give it from memory (which you're supposed to do anyway of course), and there were other issues with blocking, and some lessons had to be re-explained afterward because pantomime is not the clearest form of communication (if you've taken the degree, you understand). But we all enjoyed the experience. Many of the people giving the degree were the same ones who had received it only 3 months prior. But that's a good thing! Receiving a degree and then giving it to someone else is the best way to learn it.

We'll get better, and the important thing was we knew Alison would be able to join the Royal Purple degree at the end of the month. And since it was a Barnes Encampment degree, it ended with a delicious bowl of ice cream for everyone.
